

## Update to Our Community

How – and what – do you want to hear from us?

The process of updating the online presence of our parish is under way. This has become more important because we still don't know when we will be able to resume our life as a physical congregation.

So, it would be helpful to learn how and where online you do –or would – prefer to be kept up-to-date about parish news.

- On our Web site? ([www.christchurch.mx](http://www.christchurch.mx))
- On our Facebook page in English? (Now <https://www.facebook.com/ChristChurchMx/>)
- At our YouTube channel? (New link weekly; you can subscribe there.)
- Our weekly e-mail? (Tell [pepent@hotmail.com](mailto:pepent@hotmail.com), if you don't get it now and want to.)
- Facebook en español? (Christ Church Mexico 2020: <https://www.facebook.com/ChristChurchMexico>)

Via another “platform?”

As our online presence evolves and matures, you might already have gotten, for example, the good news that this past week we were able to sustain our parish's outreach commitment to the Casa Hogar La Divina Providencia orphanage.

The orphanage here cares for about 200 children and adults, many with special needs because they have a disability or were abandoned.

A pickup-truckload of necessities was delivered, including non-perishable foods, cleaning supplies, and adult diapers.

Let us know how and where and what you want to know:
